DI(FH)

Wolfgang Schwaiger

MSc, CMC

Certified Digital Consultant

PROFESSIONAL EXPERIENCE

WEB DEVELOPER, CONSULTANT, CEO

quality/work | 10+ years

May 2010 until today

Creation and support of online shops and websites for trade & industry, hotels, small and medium-sized enterprises. Project management, consulting, content and technical support as well as sales-oriented conception. qualitywork.at

CO-FOUNDER, CEO

wallamps | 3+ years

January 2018 until today

Until now, consumers with concrete ideas and design wishes either had to search long and hard or do it themselves. Individual luminaires as one-offs, illuminated design elements or small and fine series as stylish lighting arrangements. wallamps.at

SOFTWARE AND WEB DEVELOPER

Wüstenrot Datenservice GmbH | 7 months

October 2009 until April 2010

Maintenance and upkeep of the field staff software for the Austrian, Slovakian and Hungarian regions. Technologies used: JSP, JSF, CSS, Java, HTML, XML. wuestenrot.at

RESEARCH ASSISTANT

UAS Northwestern Switzerland | 2 years

October 2007 until September 2009

Research assistant at the Institute for Mobile and Distributed Systems. Assistant for class and lab preparation, co-supervisor for bachelor theses and student projects, co-project leader for the ProMedServices project. Support for new project proposals. fnw.ch

EDUCATION

UNIVERSITY OF APPLIED SCIENCES KUFSTEIN

Web Communication & Information Systems

2016 until 2018, Master of Science in Engineering

The Master's programme Web Communication & Information Systems focuses on building competence in planning and developing complex web-based applications, as well as coordinating, advising or leading functions in the field of technical management.

ETH ZÜRICH, UNIVERSITY OF SALZBURG

Computer Science

2007 until 2009, Guest Student, no degree

UNIV. OF APPLIED SCIENCES SALZBURG

Informationstechnik & Systemmanagement

2002 until 2007, Graduate engineer for tech.-scie. professions

The engineering orientation of the degree programme guarantees a practice-oriented and theory-based university education based on future-oriented technologies and research. Students acquire scientifically sound, specialised IT technical and methodological skills with individual professionalisation options.

In addition, you acquire know-how in the area of management and business. Interdisciplinary cooperation and leadership skills, professional target group and solution-oriented communication as well as in-depth knowledge of innovation management round off the degree programme.

UNIVERSITY OF INNSBRUCK

Computer Science

2001 until 2002, no degree

HTL SAALFELDEN

Building construction

A-levels 2001

EXECUTIVE SUMMARY

Wolfgang is a judge for the Austrian Ski Federation; speaks and writes English fluently; has very good presentation and communication skills; is determined, very accurate, responsible, trustworthy, creative, humorous, social and sporty.

SKILLS AND EXPERIENCE

Wolfgang has been working independently in the online sector for more than 10 years as a consultant, developer and project manager for online concepts. His background includes two technical college degrees, international certifications and teaching at several technical colleges.
